

FUNERAL OF SECOND ACCIDENT VICTIM TO BE HELD WEDNESDAY

SERVICES FOR ROY JOHNSON,
WHO DIED SATURDAY EVE,
WILL BE PRIVATE.

COE FUNERAL HELD ON SUNDAY

Remains Were Taken Direct to Ster-
ling—Burial At Riverside
There.

Roy B. Johnson passed away Sat-
urday evening at 7 o'clock at St. Ber-
nard's hospital in Chicago as a result
of injuries sustained in the automo-
bile accident in which Fred Coe lost
his life, late Thursday afternoon. The
remains will be brought to this city
on the 1:05 o'clock train Wednesday
afternoon and taken to his late home
on Dixon avenue, where a private fun-
eral will be held.

The remains of Fred Coe, who sur-
vived but a few hours after the acci-
dent, passed through this city Sunday
afternoon on the 1:05 o'clock train
being taken to Sterling for interment.
The funeral party went direct to Riv-
erside cemetery where a short service
was held at the grave.

Roy B. Johnson

Roy B. Johnson was born in Pine
Creek, Ill., Sept. 28, 1879. When six
years old the family moved to Kan-
sas but returned to Lee county after
ten years and the balance of Mr.
Johnson's life was spent in Dixon.
His schooling was received at Pine
Creek. He worked at the J. H. Mor-
ris & Co. store and the Downing Gro-
cery after his return from Kansas,
and commenced his duties at the
postoffice in 1907, where he had
been continuously since.

He was united in marriage to Mar-
garet M. Coe June 24, 1901 and re-
sided at 519 South Dixon avenue.
Two children were born to this union,
Ruth Coe Johnson, April 28,
1905, and Paul Henry Johnson, May
17, 1910.

Besides his wife and children he
is survived by his mother, Mrs. Kate
Johnson of Anthony, Kas., his father
Henry Johnson, of Kansas City, Mo.,
and two brothers, Harry B. Johnson
of Portland, Ore.; and Wallace B.
Johnson of Anthony, Kas.

He joined the Christian church
at the age of ten.

Frederick R. Coe

Frederick Ralph Coe was born at
Crete, Neb., April 17, 1883, coming
to Lee county with his parents in
1885. He attended the rural schools
and Northern Illinois Normal school
graduating in a scientific course at
the age of 18. He clerked in the
National Clothing store until 1911
and studied mechanical drafting
through a correspondence school. He
took a drafting position with the
Garland Structural Iron Co., and at
the end of about a year accepted a
more lucrative position with the In-
ternational Harvester Co., at Plano
making his home in West Pullman.
Since the first of April of this year
he had been mechanical engineer at
the Graver Tank Works in East Chi-
cago.

He was married to Nellie B. Dun-
more of Sterling August 1 1907, and
resided in North Dixon until accept-
ance of work in Des Plaines. One
child, Ralph Miles, was born to this
union, Nov. 9, 1909.

Mr. Coe was a member of the old
shoe factory band and several local
bands and orchestras at various
times. He was a member of the West
Pullman lodge of Modern Woodmen.
A convert of the Sunday revival
meetings here he joined the Baptist
church ten years ago.

Surviving relatives include his
wife and child; his parents Mr. and
Mrs. H. M. Coe of Dixon; two sis-
ters, Mrs. Henry Cupp of Franklin
Grove and Mrs. Margaret Johnson,
widow of Roy Johnson and two
brothers Harry H. Coe of Spring-
field and Edward J. Coe of Dixon.

THREATEN LEGISLATION STRIKE

Downstate Legislators Would Compel
Dunne to Meet Demands.

(Associated Press)

Springfield, Nov. 29.—The down-
state lawmakers are considering a
legislation strike for the purpose of
holding up the work on the special
session until Gov. Dunne agrees to
call a supplemental special session for
the enactment of appropriations for
the further payment of the foot and
mouth claims.

'Chicken Joe' Held Guilty By Jurors; Fix Death Penalty

Negro Trusty Found Guilty Of Murder Of Mrs. Ed- mund Allen

(Associated Press)

Joliet, Ill., Nov. 29.—After forty-
four hours' deliberation the jury in
the Will county circuit court this
morning found "Chicken Joe" Camp-
bell, a negro convict at the state pen-
itentiary, guilty of the murder of Mrs.
Odette Allen, wife of former Warden
Edmund M. Allen, and fixed his pun-
ishment at hanging.

The jury retired Saturday and on
Sunday court attaches and principals
to the prosecution had given up hope
that the jury would agree, it being re-
ported then that they stood 11 to 1
for conviction.

The attorneys for the defense made
the customary motion for a new trial
and the motion will be argued Dec.
20. The defense intimated they would
carry the fight to the supreme court.

BARBER POLE FORTY YEARS OLD IS GONE

ANCIENT MARKER IS REMOVED FROM WALK AT WHEEL- ER'S SHOP.

Progress gradually crowds out the
old familiar landmarks and one of the
last to be cast aside in this city is the
barber pole that has stood in front of
the building occupied by the H. O.
Wheeler barber shop, which has been a
familiar object for over two score
of years. The pole was erected by the
late Anton Julien when he opened a
shop in the building in 1873, just a
week after the fall of the Galena ave-
nue bridge. When Mr. Julien retired
from business H. O. Wheeler took
over the shop and the pole was left as
a sentinel at its doorway. Today Mr.
Wheeler removed the pole and in its
place has erected one of the Melchior
Bros. electric revolving poles.

Enormous Crowd Attended Elks' Fair
Here Saturday Evening.

One of the most successful fairs in
the history of Dixon lodge B. P. O.
Elks came to a close Saturday eve-
ning with the largest crowd of the
week, one which taxed the capacity of
Roebrook's hall, in attendance. The
dance floor was a happily busy place
throughout the evening and the in-
terest in the award of the handsome
diamond ring, which was won by
Lloyd Hubbard, was intense.

PLUMBERS MET IN DIXON SUNDAY

Members of Union From Northern
Illinois Held Session Here.

Nearly sixty plumbers of northern
Illinois, members of the International
union of their trade, met in Dixon
Sunday afternoon; a very beneficial
session, in which matters of interest
to the trade were discussed, was held
at the Armory. A banquet was also
served there, completing the enjoy-
ment of the affair.

[In happier days, before war devastated Europe and threatened to draw in Greece, Premier Venizelos and King Constantine were friends and in accord in their views of the best interests of their ancient fatherland. It was then that the accompanying picture was made. Now Venizelos wants Greece to align herself actively on the side of the allies, while the utmost that Constantine favors in that regard is "benevolent neutrality."]

BRITISH CONTROL OF WHEAT IS RUMORED

JOHN BULL EXPECTED TO DO
ALL OF ENTENTE NATIONS
BUSINESS

MAY HIT EXPORTS OF STATES

(Associated Press)

Chicago, Nov. 29.—As a result of
the Canadian government's action in
seizing 20,000,000 bushels of wheat,
prices for December and May wheat
advanced in New York, Chicago,
Omaha, Kansas City, Minneapolis
and St. Louis. The advances ranged
from 1 1/2 to 2 1/2 cents per bushel,
but reactions followed and some of
the gain was lost.

Business was largely held in
check by the opinions circulated
that the English government will
probably do all or nearly all of the
British, French and Italian business
and that United States exports will
be virtually put out of business, at
least on any material advance of
price.

There will be no option market at
Winnipeg today except for coarser
grains. The question of cash mar-
ket for wheat has not been decided.

Winnipeg, Man., Nov. 29.—Grain
trade of Canada is paralyzed, as the
Canadian government has comman-
deered all No. 1, 2 and 3 northern
wheat in terminal elevators at Fort
William and Port Arthur, some 20,000-
600 bushels and it is understood will
extend seizure to other parts of west-
ern and eastern Canada.

It is understood that action was
taken at the request of the British
government.

No certificates of grade or weight
are being issued. All boats loading at
elevators for Buffalo or Canadian low-
er lake ports have been ordered to
cease loading. All railway companies,
which have thousands of loaded cars
in their yards are not allowed to un-
load.

REV. STEBBINS WILL GO TO PECATONICA CHURCH JANUARY 1

PASTOR OF DIXON CONGREGA-
TIONAL CHURCH RESIGNS
HIS PASTORATE.

HAS BEEN POWER FOR GOOD HERE

He and His Wife Have Shown Active
Interest in Progress of
Dixon.

Rev. C. E. Stebbins, pastor of the
Congregational church, has tendered
his resignation as pastor of the Dixon
church and has accepted a call to the
Pecatonica church, to which field he
will go January 1. The new church
will pay a salary of \$1,100 a year and
is one of the largest churches in Pe-
catonica, therefore Mr. Stebbins' friends,
while very sorry he is to
leave Dixon, are pleased that his
change may be considered a promo-
tion.

Rev. Stebbins was called to the pas-
torate of the Dixon church from Ton-
lon, Ill., Jan. 1, 1913. The church had
been without a pastor for six months
and the society was small and dis-
heartened. However, the new pastor
instilled new life into the organiza-
tion, the church and parsonage prop-
erty were repaired, greater interest
was shown in the church work and
the membership increased. During the
three years of Rev. Stebbins' pastorate
forty-seven new members were
enrolled.

Both Rev. and Mrs. Stebbins have
been actively interested in the pro-
gress of all good work in the city and
have not confined their efforts to their
own parish. Mrs. Stebbins has been
actively interested in the work of the
Women's club, of which she is first
vice president, and in the W. R. C.
and W. C. T. U.

The church to which these good
people will go is strongly active, and
during 1913 erected a beautiful new
church building, modern in every
way. The God-speed of a host of Dixon
friends will follow them to that
city.

PRaises FIGHT ON FOOT-MOUTH DISEASE

ASST. SEC. VROOMAN SAYS IT IS
A MOST UNPARALLELED
ACHIEVEMENT.

(Associated Press)

Chicago, Nov. 29.—Stamping out
foot and mouth disease in 21 states,
and every county in Illinois, was de-
scribed as an unparalleled achievement
by Carl Vrooman of Bloomington, Ill.,
assistant secretary of the U. S. De-
partment of Agriculture in an address
at the conference for the discussion of
the disease which opened here today.
The conference was attended by bank-
ers, railroad men, stock yards men
and delegates from farmers' organi-
zations.

In connection with the criticism of
the department because of the ap-
praisement of slaughtered cattle Mr.
Vrooman said the secretary of agri-
culture has recommended to congress
that the department be permitted to
appraise pure bred cattle up to three
times their beef or dairy value.

Jackson, and bent them over the head
with a hammer until their screams
frightened him away.
He mounted a bicycle and rode to
the Rock Island tracks, where he
caught an outgoing freight train. A
wild automobile ride by officers inter-
cepted the train a mile from town,
where it was flagged and Holt taken
off.

been so prevalent in American indus-
trial plants. The president will recom-
mend that the Sherman law be amend-
ed to include severe penalties for such
restraints of trade.

LADIES' QUARTET IN EXCELLENT PROGRAM

BEULAH BUCK ORGANIZATION
DELIGHTED A LARGE
CROWD HERE.

The largest house of the Redpath
Lyceum season here so far was that
of Saturday evening when the Beulah
Buck Quartette entertained and no
one was disappointed. The quartette,
the best obtainable in women's voices,
was exceptionally pleasing. The mem-
bers, Miss Paddock, first soprano;
Mrs. Buck, second soprano; Miss
Whitaker and Miss Willey, first and
second contralto, had voices of ex-
quisite timbre and in their solo work
as well as harmonic blending in quar-
tette offerings, were exceptionally
pleasing. The charm of their unaf-
fected manners also added much to
the pleasure given. Mrs. Buck, who
also gave a number of readings, was
very delightful and was almost dra-
matically perfect in her impersona-
tions. Especial mention of the un-
usual contralto of Miss Willey, former-
ly of Sterling, was heard on every
side following the performance. Her
voice, deep and resonant, was un-
usually musical and flexible, as the song
in regard to the "Quaint Old Cornish
Town" illustrated.

TWENTY THOUSAND FISH ARRIVE TODAY

WERE PLACED IN RIVER BY OF-
FICERS OF STATE FISH
COMMISSION.

Another consignment of fish was
received in this city today from Sa-
vannah, there being eighteen cans con-
taining approximately 20,000 small
fish. Game Warden John Kannally of
Sterling and Deputy Warden Wm.
Tague of this city superintended the
placing of the fish in the river here,
while a portion were sent to Grand
Detour to be put in the stream there.
The fish were taken from sloughs em-
ptying into the Mississippi river near
Savannah and the fish were as neat-
ly specimens and ranged in size from
about an inch and a half up to nearly
four inches in length.

N.D. STUDENTS COME TOO EARLY

Sup't. Hagen Asks Children Not To
Leave Home Until 8:30

Supt. H. H. Hagen of the North
Dixon schools, in a statement this
morning, announced that many of
the school children were coming to
school at an earlier hour than was
necessary or desirable. He said that
the teachers do not arrive at the
school buildings until 8:30 in the
morning and that the school doors
would not be open till then. Superin-
tendent Hagen asks the students not
to come to school before 8:30. He
suggests that they do not leave home
until the "first bell" rings.

MILLINERY.

Nobody knows why they call it millinery. The dictionary says millinery consists of articles made by milliners. The milliners say millinery is hats. In a dispute of this kind, we should always believe the dictionary.

Millinery is the art of doing up 30 cents' worth of ribbon and straw with \$90 worth of gail and selling the whole thing for \$115.45. It is one of the three best known methods of getting money from a man; flattery and robbery being the other two. Millinery doesn't attack a man until he has contracted matrimony. Then, however, it takes entire charge of the situation, and usually doesn't allow the other two methods a look in.

The prime object of millinery is to decorate women. Some women are pretty enough to become greatly beloved in a sunbonnet. Others require ten Paris hats a year to get by. Some hats are very beautiful indeed, but are not given a chance. Their owners insist on going with them and spoiling the effect. It is now possible for a woman to obtain a hat that will hide all but her most beautiful features. This is why some hats come clear down to the chin.

The millinery art is very complicated, because no woman wants a hat like any other hat that has ever been made. This necessitates the use of flowers, vegetables, fruits, ribbons, birds, cats, ostriches, insects, small animals, lizards, lingerie, grass, straw hay, leaves, lobster claws, shark's teeth and automobile findings in trimming. It is also necessary to the profit of the business that no hat of this year shall look like any hat of last year. This is avoided by changing the shapes. We have already had large hats, small hats, flat hats, bulbous hats, lop-sided hats, conical, warty, umbrella shaped and drunk and disorderly hats. A few years ago the velvet nosebag shaped like a horse's dinner bucket had a great run, later the inverted bath tub was the sensation of the season; while this year the woman who doesn't possess a hat that isn't reminiscent of the lids that every New Englander's ancestor brought over with them in the Mayflower may as well consider herself socially extinct.

Millinery takes the place in many families of books and pictures and father's new overcoat. It is a tax levied by style and there is no chance of swearing off the assessment. Nobody knows what next year's hats will look like, except that they will look worse than this year's hats. By that time we will have become accustomed to this year's hats, which is the worst thing about millinery. Just as you get used to it, it begins to hurt you in a new place.

BROKE FORTY - NINE TARGETS IN A HIGH WIND FOR HONORS

BURT HENNING WON COUNTY CHAMPIONSHIP AT THANKSGIVING SHOOT.

GREAT CONTESTS IN ALL EVENTS

Shoot Conducted By Steward Gun Club Was a Decided Success.

Steward, Nov. 27.—The Thanksgiving shoot held by the Steward Gun club was a success in every way, over thirty shooters participating in the day's sport. The feature of the day was the marksmanship displayed by Burt Henning in the contest for the championship of Lee county, in which twenty of the best target men in the county participated. Henning broke 49 out of a possible fifty birds in this contest, which was truly wonderful, as there was a heavy wind blowing while made the targets dip, jump and curve in every possible manner. The scores of the afternoon:

MEN'S RALLY AT M. E. CHURCH

Tuesday evening of this week a banquet will be served in the basement of the Methodist church to the men of the congregation on the occasion of their annual Men's Rally. Rev. John Gordon, D. D., pastor of the Second Congregational church of Rockford, well known to many of our people, has been secured to make the leading address of the evening. He has achieved a just reputation for his inspirational addresses to men and deserves a large attendance. The banquet will be served at 6:45 and all men of the church and congregation are invited.

DIXON HIGH TO HAVE GREAT BASKET BALL TEAM THIS SEASON

WITH THREE MEN OF THE LAST YEAR TEAM TO BUILD AROUND.

SCHEDULE IS DECIDEDLY HEAVY

The Team Will Be Called On to Meet Some of Best in Northern Illinois.

The Dixon high school basketball team of which three (Weiner, Wold and Vaughan) who were members of last year's crack team, which stood second to Freeport in the Northern Illinois tournament at Rockford, are members will open its season in this city Friday evening when the M. Morris high school team comes for a game.

The prospects for a great team built around the three members of last year's organization are excellent, with Hess, Brooks and Schuler trying for the remaining positions and Coach Hirschman expects to put a fast team on the floor in the first game.

The schedule for the local high school team for the season is heaviest of many years and the boys will be called upon to go up against some of the fastest teams in the northern section of the state. The schedule follows:

Dec. 3—Mt. Morris at Dixon.
Dec. 10—Polo at Dixon.
Dec. 17—DeKalb at Dixon.
Dec. 18—Polo at Polo.
Dec. 28—Savanna at Savanna.
Dec. 29—Galena at Galena.
Dec. 31—Belvidere at Belvidere.
Jan. 1—Byron at Byron.
Jan. 7—Hinsdale at Dixon.
Jan. 14—Hinsdale at Hinsdale.
Jan. 15—West Aurora at West Aurora.

Class Games to Start.

The first of the games for the class championship of the high school were to be played at the high school gym this afternoon after school between the freshmen and sophomores and the juniors and seniors.

Former Mayor's Mother Dies.

Centerville, Ill., Nov. 29.—Mrs. Julia Rexford, eighty years old, died at the home of her daughter, Mrs. E. A. Hartman. She was the mother of former Mayor N. M. Rexford, and widow of F. D. Rexford.

Boy Killed When Thrown by Horse.

Danville, Ill., Nov. 29.—Jesse Owens, thirteen years old, was thrown from a horse and almost instantly killed by the collision. He was running a cross-country race with other farmer boys.

Useful in the Household

Use paper bags for covering pitchers with food in them.

Always boil new ironware before using.

When breakfast muffins are left over, split and toast them for lunch. Water the fern dish at night in the bathtub and leave it there to drain.

A small box of lime set in the pantry will keep the air dry and purified. Vinegar and salt will remove stains from discolored teacups or other china.

Chocolate stains can be removed from linen by washing with soapy tepid water.

Loaf pans for bread should be narrow to insure thorough baking of the bread.

Extra deep pudding pans, pie plates and the like are preferable to shallow ones.

After washing hair brushes dip them in cold water just before drying, to keep the bristles stiff.

Always rinse the egg-beater in cold water immediately after use, and it will not be so hard to clean.

If celery is allowed to lie in water for six or eight hours before it is put on the table it will be very tender.

It seems strange to think of butter as a salve, but it will take soreness from a bruise and will often prevent discoloration.

Spinach, either fresh or canned, is found to be a new dainty if cooked in bouillon instead of water. The addition of a small bit of chopped pepper adds to the tastiness of the dish.

Brown sugar frosting which will not crack is made of one tablespoonful vinegar, brown sugar enough to mix and the beaten white of half an egg. Beat all well together and add sugar enough to spread.

If you have to pack bottles in a trunk, tie in the corks and wrap them in soft towels, garments, etc., and place in the middle of the trunk away from anything the contents would ruin if leakage occurs.

When eating ice cream or drinking ice-water, go slowly. There will be less danger of acute indigestion from the sudden chilling of the stomach.

In the house that is beautiful to the external eye, there must ever be corners and unexpected places, closets, kitchens and cupboards, "the powers that be," behind the scenes.

Cheese cloth makes the best dust-cloths. It is excellent for any sort of straining, to tie over milk crocks, or to cover fruit or anything not to be exposed to the open air. It is fine to polish furniture and to shine shoes.

Toilet accessories, brushes and combs and the like should be relegated to the background, and kept in a drawer, where they will be just as easy to get at as in an embroidered brush and comb bag, and more free from dust.

A housekeeper needs exercise for her body, reading for her mind, charity for her soul, and companionship for her heart. As ingredients are considered in a successful recipe so must responsibility be measured with pleasure to make the dish of "Every-day Content."

Little machinisms, little economies, small bits of housewifely knowledge, keep the wheels of a household running smoothly, and the reverse, of course, is true; a lack of the technique of economy, a few disorders and tiny leaks in unexpected places, bring worry and cause mismanagement. To know "what to do, when and how to do it," in emergencies, as well as in every-day life, is the secret of success behind the scenes.

Always keep the piano closed when it is not in use. A piano is almost as sensitive to heat and cold as an invalid. It should not be placed too near a fire, as the heat draws the wood. Neither should it be near an open window, as on a wet day the damp is apt to rust the wires. The keys should be dusted frequently with an old silk handkerchief and rubbed occasionally with a cloth moistened with a very little lemon juice and whiting, and remove the paste with a damp cloth.—The Housewife.

Use of Garden Hose.

Use the garden hose to rinse heavy articles. Blankets rinsed in this way are saved from wringing and dry without wrinkles, and as no ironing is required the nap is uncrushed.

Also rinse heavy counterpanes this way, and crochet and knitting spreads are especially soft and fluffy.

Rugs, scrubbed with a stiff brush moistened in diluted ammonia, when rinsed in this way, look like new.

Turn the hose full force on the rose bushes, every day or so, and all insects will soon disappear.

Sink and Table.

Make room for a long table at one side of the sink, anyhow; if it is possible to put the sink near the middle of a side of the room, with tables on each side of the sink, all the better, says the Woman's Home Companion.

Both sink and tables should be placed high enough to enable you to work without stooping, and it is best to have no space between them, it is an excellent plan to have the tables built in the house.

By the time the average man reaches the age of fifty he knows a lot of things he would like to get rid of at 25 per cent less than cost.

STEAMER CHASED INTO PORT

Zealandia Has Adventure Before Coming into New York.

New York, Nov. 29.—The American steamer Zealandia, which was boarded and searched by a party from a British cruiser while in the harbor of Progreso, Mexico, slipped into New York harbor in a heavy fog.

An unknown cruiser hailed her off Brigantine shoals, but she escaped in the darkness and fled up the coast, keeping within three-mile limit.

French War Loan Five Billions.

Paris, Nov. 29.—According to the Paris Journal, the French war loan is expected to total \$5,000,000,000 including \$2,000,000,000 in short and long-term war notes and existing rents converted by their holders.

RECOVERING FROM INJURY

Tryon Rosbrook, who was hurt in a runaway last Monday morning in which both he and his daughter, Mary, were thrown out when the horse he was driving became frightened at an automobile cutout, is recovering nicely. Mr. Rosbrook sustained a lame back and side. Miss Mary was not injured and was able at noon to continue on her way to school where her father was taking her when the accident happened.

LOCOMOTIVE PLUNGES 60 FEET INTO RIVER

Open Drawbridge Near Quincy Is Cause of Fatal Accident.

Quincy, Ill., Nov. 29.—Engineer C. S. Cannon and Fireman Edward Hopkins were killed here when the engine of a Burlington passenger train from St. Louis ran off the drawbridge into the Mississippi river and sank in the mud and water. The coaches, six in number, did not leave the tracks, and even the tender remained on the rails. The draw had been opened to allow the Gordie Eastman, a government dredge boat, to pass through. A member of the Burlington crew gave the signal to proceed before the draw had been closed. Several hours later the bodies of Cannon, who is one of the veteran engineers of the road, and Hopkins had not been found. The water where the engine sunk is about fifteen feet deep.

The authorities have ordered an investigation to determine who is criminally responsible for the wreck.

Don't forget the cafeteria luncheon Thursday and Friday. Presbyterian church.

SAYS HUSBAND IS DRUNKER

Intoxicated 700 Times in Two Years, Is Wife's Allegation.

Aurora, Ill., Nov. 29.—Mrs. Bridget John Bendall, who is sixty-seven years old and feeble and somewhat deaf, asked for a divorce in the circuit court at Geneva from her husband, Lawrence Bendall, who is thirty-five years younger than she.

Mrs. Bendall said she could not live happily because her husband drank alcoholic beverages to excess. "Did he get drunk?" her lawyer asked. "Yes," the aged wife said, "700 times in the last two years." Nobody disputed Mrs. Bendall's count and she was given a decree. It was little more than five years ago, she said, that her young husband won her. She owned some property at the time, Mrs. Bendall said.

CANNON ON 40TH JOURNEY

Veteran Congressman Will Start for Washington on Tuesday.

Danville, Ill., Nov. 29.—"Uncle Joe" Cannon will start from Danville on his fortieth annual pilgrimage to congress Tuesday morning, and he will complete forty years in congress before his present term expires.

Miss Helen Cannon, who, since the death of the former speaker's wife, has been mistress of the home, left Danville last week for Washington to prepare the home there. Mr. Cannon will go to Chicago Tuesday to attend the annual dinner of St. Andrew's society and will depart early Wednesday for Washington.

Paper Protection for Crib

Rubber sheeting wears out quickly, table oilcloth does the same, when used as a crib protector, but if one has or can get some pieces of washable wall paper, these may be used under the blankets and over the small mattress to keep it clean and intact from moisture. When one piece gives out another can be substituted, and one roll of paper will last for the rearing of a whole family of babies.

Barley Water.

One pound pearl barley, one quarter pound lump sugar, three lemons. Well wash barley, peel lemons very thin, add juice and rinds. Pour on one gallon boiling water, let stand 24 hours.

SOUNDS A NOTE OF ALARM

Socialist Russell Says We Must Prepare for War With Germany.

Philadelphia, Nov. 29.—A stirring call for Americans to arm themselves and prepare for a death grapple with Germany at the close of the present war in Europe was issued by Charles Edward Russell, noted author and Socialist, in an address before the Socialist Literary society in the Broad Street theater.

Germany, according to Mr. Russell, will win the gigantic contest in Europe and will establish the greatest empire the world has ever seen. Canada, he said, would be seized by the Germans and a chain of forts established along the Canadian-American frontier. The German empire, he stated, would be without conscience and morals and inspired only by lust of conquest. If Americans, he asserted, hoped to preserve the ideal of this republic from the ruthless German propaganda, they must prepare for war and that immediately.

CONSUL GAFFNEY RETURNS

Will Attempt to Prove He Was Not Over-Partisan in Utterances.

New York, Nov. 29.—E. St. John Gaffney, who was asked to quit his post as United States consul general at Munich, Germany, because of complaints to the state department that his attitude on the war was partisan—that he was manifesting favoritism to Germany unbecoming a neutral representative—returned on the Scandinavian-American liner Oscar II, determined to vindicate himself and his conduct in office.

Evidence which he brought back in the form of a huge stack of documents, letters and newspaper clippings, he declared will disprove the charges unknown to him officially which impelled President Wilson to request his resignation.

PROGRESSIVE LEADER PRAISES LOWDEN.

American progressivism has within its ranks a great host of men of force and prominence.

Among these, and one who stands in the forefront, is the Hon. Frank B. Kellogg of Minnesota, known for his active participation in national politics. Mr. Kellogg is also widely renowned as a lawyer, having been engaged as special counsel for the United States government in the suits brought against the so-called "paper" trust and the Standard Oil company and as special counsel for the interstate commerce commission in the investigation of the Harriman railroads. Later he was special counsel for the government in the successful action to dissolve the Union Pacific-Southern Pacific merger. He was president of the American Bar association in 1912-13.

For many years Mr. Kellogg has been a warm friend and intimate associate of Col. Frank O. Lowden of Illinois, who is being urged by his friends to be a candidate for the republican nomination for governor at the primary election next September.

In 1904 both Mr. Kellogg and Colonel Lowden were elected delegates to the republican national convention from their respective states. Both were chosen by their home state delegations to the national committee and both were prominent during the campaign when Theodore Roosevelt was the successful candidate for the presidency.

In 1908 both men were active in the national committee when Secretary Taft was President Roosevelt's candidate for the nomination and both were selected by the national committee as members of the sub-committee to confer with Secretary Taft upon the conduct of the campaign. Other members of the sub-committee were Powell Clayton of Arkansas, Myron T. Herrick of Ohio, W. S. Ward of New York, W. E. Borah of Idaho and E. C. Daneu of North Carolina.

In June, 1912, Mr. Kellogg and Colonel Lowden again met as members of the national republican committee to hear contests from various states, Mr. Kellogg being a very enthusiastic supporter of Col. Roosevelt.

When Col. Lowden's many friends throughout Illinois began to urge him to become a candidate for governor, Mr. Kellogg immediately offered his services in his behalf, agreeing to make a series of public addresses in Illinois in support of Colonel Lowden's candidacy during the campaign.

In a recent interview with a representative of the Aurora Beacon-News in Chicago on his way home to St. Paul from the east, Mr. Kellogg said:

"Colonel Lowden and I were closely associated in the national republican committee work for eight years. In the hearings before the committee of all contests both in 1908 and in 1912 Colonel Lowden earnestly and conscientiously sought to do his full duty. He acted fairly in every single instance, first making a thorough study of the underlying principles contained in the rules laid down by the national convention for the guidance of the committee, then applying those rules to the testimony in each particular case and finally casting his ballot as his judgment dictated.

"If Colonel Lowden decides to become a candidate for governor he will make a tremendously effective campaign for he is pre-eminently independent, fearless and fair."

HUGHES NOT BEYOND REACH.

As fine and sincere as Justice Hughes' attitude is, however, it does not remove him from the reach of his party, says the Washington Star. For if, after a canvass at the republican national convention of the merits of the men who have been formally presented for its consideration, the convention should then decide that even the strongest of them lacks the strength that Justice Hughes as the candidate would bring to the party, and so deciding should nominate him, his acceptance would be a matter of necessity. The black silk gown forbids the wearer from soliciting political favors, or acquiescing in manoeuvres to obtain them for him, but it is no protection, because it could not be, against a party call of national volume and authority. Such a call is a command which no man could well afford to decline. It must be obeyed.

The argument supporting the sentiment in favor of Justice Hughes is that in addition to ability and character associateable with the presidency, he possesses a record which would make him as a candidate a unifier, bringing both factions of his party together and inspiring the united party to its very best effort in the campaign. Moreover, he is geographically well placed, and when in politics showed great power in the state the republicans must carry next year in order to win.

A SERBIAN SOLDIER'S BRAVERY.

The bravery of the Serbian soldier and the manner in which he fights for his beloved country are illustrated in the following story, for the truth of which a well known and ardent Serbophile vouches. Before the superior forces of the enemy on one occasion a Serbian regiment had to retire. Of the men serving the machine guns all but one were killed and wounded, but this man, instead of withdrawing with his comrades, continued to work his gun with such fiendish energy that at last the advancing army, not realizing that he stood alone, and fearing a trap, retired in their turn. And so the situation was saved, by the courage of one man. His exploit was duly reported to the general, who sent for him next day and said fiercely: "You're a terrible fellow! What's this I hear of you? They tell me it was a regular massacre. How many men did you kill?" The gunner, much perturbed, stammered out that certainly well over a hundred men must have fallen before his gun. "Well," said the general, frowning, "there's nothing for it but to make you a corporal." "Oh, general," exclaimed the man, who had expected some kind of punishment. "And now Corporal —, I make you a sergeant." "Oh, general," gasped the man, speechless with astonishment. "And now, Sergeant —," the general went on, "I make you a lieutenant." The new officer burst into tears. "And now," cried the general, "embrace me!"—Dundee Advertiser.

It is easier to coax a woman than it is to drive her, and by the same token it is lots more expensive.

FEEDING SOFT CORN

By W. H. PEW.

Professor of Animal Husbandry, Iowa State College.

Note—The following article is reprinted from Saturday's Telegraph on request. The rest of the country has produced more soft corn than anything else and it is believed that farmers will welcome all information they can secure on this subject:

Many letters are being received by the department asking for information concerning the feeding of soft corn so generally found this year.

Some fields of corn in many counties of the state were no further along than the milk stage when the heavy frosts came. The ears, in such fields, are of small account. In this case the feeding value is scarcely more than is found in the stalk. In other fields the corn was just beginning to dent when the heavy frosts came. Such corn will be chaffy and probably will contain that of this year, cattle weighing nearly 1,150 pounds were purchased and divided into two lots; one to be fed soft corn on pasture from Oct. 13 to Nov. 17; soft corn and hay from Nov. 17 to Jan. 12, and soft corn, gluten feed and hay from Jan. 12 to Apr. 13. The other lot to be fed the same with the exception that the corn was to be mature corn of the second year before.

In this case the soft corn contained 35 per cent moisture at the beginning and 16 per cent moisture at the conclusion of the test. This test indicated:

1. That the dry matter in soft corn containing 35 per cent moisture at the beginning of the test was fully equal in feeding value to the dry matter in mature corn when used for fattening cattle.

2. That cattle fed on this corn made nearly as heavy gains and finished equally as well as those fed on mature corn.

3. That soft corn purchased at 30 cents per bushel produced gains on cattle 3.93 cents per pound cheaper than mature corn purchased at 50 cents per bushel.

At this season 30 to 50 per cent moisture. There is no doubt a great variation in the condition of the corn from one county to another.

The farmers who have utilized a large portion of the corn crop by filling the silo are fortunate this year. If the corn has been shocked the silo can be refilled later in the winter. It is now a question of utilizing the corn crop and in most cases utilizing it as early as possible.

During the past few weeks miscellaneous articles have been sent out thru the newspapers to the effect that live stock cannot be fattened on the unmarketable corn. These seem to be somewhat in error. Some data is given below which will be of assistance.

At this experiment station in 1902, when the corn crop was similar to the amount of moisture depends chiefly on the maturity of the corn when struck by the frost. The softness of the corn will determine the class of cattle to which it ought to be fed.

If the corn is mature, as is the condition in some sections, cattle can be fed and finished as usual. If the corn was frosted when beginning to dent heavy cattle can be fed out and finished as indicated above, in the spring. If the corn was not dented at the time that frost came, light cattle can be fed on it and carried through the winter and they can be finished next year on pasture.

If the corn becomes frozen during the winter, as undoubtedly will be the case on many farms, it can be run through a cutter and fed out to good advantage. The earlier it can be fed the better. In order to get the most feed value the corn ought to be cut and shocked in small shocks.

If finishing the cattle the corn ought to be supplemented with some concentrated feed, as cottonseed meal or cottonseed meal and suitable molasses feed. Probably the amount of supplement can be somewhat reduced from the usual amount suggested.

It will require more pounds of corn to feed the cattle on soft corn than where it is matured. It will no doubt pay to feed them three times per day.

Hogs can be turned in the corn and let hog it down. Tankage or meat meal and oats ought to be supplied where they could have free access to it. Some questions have arisen concerning the cholera situation when hogs are permitted to eat immature corn. If they have been successfully vaccinated there is no more danger of loss from cholera than where they are permitted to eat mature corn.

E. J. HOLLENBECK OF NELSON TAKEN HOME

ANOTHER LEE COUNTY PIONEER PASSED AWAY SATURDAY AFTERNOON

Edward J. Hollenbeck, aged 81, a pioneer of Lee county, passed away at his home south of Nelson shortly after 4 o'clock Saturday afternoon, death resulting from the infirmities of old age. Funeral services will be held at the home Tuesday afternoon at 1 o'clock with interment in the Nelson cemetery.

Mr. Hollenbeck was widely known in this community. He was of keen mind, and well read, and at one time studied law, giving up his efforts in that profession because of ill health. He was a prominent farmer and stock raiser and prospered by untiring labor. He is survived by his wife; two sons, Addison and Frank Hollenbeck; two daughters, Mrs. Mary McNeil and Mrs. Harriet Thome; and ten grand children.

OSTEOPATHIC INFORMATION

DR. L. R. TROWBRIDGE,
Osteopath,
102 Galena Ave., Dixon.

OSTEOPATHIC SCHOOLS

At the present time there are seven recognized osteopathic schools in the United States. They have a larger student roll than all the homeopathic schools combined. Not less than one thousand osteopaths are graduated every year.

The first osteopathic school was founded in 1893 with seven students in attendance. Surely there is some reason for such phenomenal growth. This wonderful increase has been attained in the face of persecution and prosecution by the older schools of medicine. Ignoring the numerous obstacles to the progress of osteopathy the schools have steadily lengthened their course and raised their standards for matriculation, until now they require a high school diploma or its equivalent and a four years' course before graduation. Every subject which is taught in the best medical schools is included in the osteopathic course except drugs.

The schools have made another notable record in that they are the only school of healing who have existed any length of time without endowment or other financial aid.

Scattered throughout the United States are dozens of sanatoria successfully treating most every disease to which the body is heir. The profession is especially proud of the results attained at "The Stillhill Health Osteopathic Sanatorium" Macón, Mo., dedicated to the cure of mental and nervous diseases. In the next issue will be an article, "Ministering to Minds Diseased," written for the Osteopathic Magazine by Dr. L. Von H. Gerdlne, consultant diagnostician at this institution.

G. R. S.—I am troubled with a dull heavy ache extending from the small of my back to the knees. Sometimes it seems my knees will give way. Do you think it is kidney trouble or paralysis?

Probably neither. Although it may terminate in spastic paralysis. It would be more likely due to pressure on the nerves where they leave the spinal column in the small of the back. Most invariably such cases have a short, deep, forward curve in the lower spine with a prominent backward curve above. Put continuous pressure on your "crazy bone" and you will get the same sensation in the forearm and little finger.

In a London speech Mr. Shaw says: "I do not believe there can be any peace in the world until there is peace between England, France and Germany. In fact, Britain might drive Germany and America into one another's arms by carrying victory too far."

NEW SENSATIONS IN BOMB PLOT LIKELY

Capture of Crowley May Lead to Other Arrests.

Washington, Nov. 29.—New disclosures rivaling in importance those which led to the prosecution of Robert Fay in New York are expected by the department of justice, it has become known as a sequel to the arrest of C. C. Crowley in San Francisco in connection with alleged plots against munitions factories. Officials of the department, however, refused to discuss Crowley's case or to predict to what it might lead.

Crowley, according to information here, did not devote his attention to the Pacific coast alone, but traveled extensively throughout the country in the last few months. The ramifications of his undertakings are expected to be revealed when the trap which the department has set has been sprung.

For the present the department's bureau of investigation is using every precaution to keep its next move secret, but it was apparent that other arrests are looked for within a few days.

ORDERED AMERICANS SLAIN

Gen. Obregon Asks United States to Give Up Carlos Randall.

Nogales, Ariz., Nov. 29.—General Obregon, Carranza commander, whose forces occupied Nogales, Sonora, following the evacuation of the town by Villa's forces, in a conference with Major General Funston, requested the extradition of Carlos Randall, former acting Villa governor of northern Sonora.

In his conference with Major General Funston, General Obregon is said to have charged that Randall ordered Colonel Jesus Beltran, a Villa officer, to kill all Americans in the Cananea district and destroy their property.

MRS CHARLES PARLIN PASSED AWAY TODAY

SUCCUMBED TO LONG SICKNESS AT HOME ON NORTH PEORIA AVE.

Mrs. Charles Parlin passed away this morning at 8:50 o'clock at her home, 119 North Ottawa avenue, after an illness of several months. The funeral will be held Wednesday afternoon at 1 o'clock from her late home, Rev. E. C. Lumsden of the Methodist church officiating. The remains will be taken overland to Franklin Grove for interment.

Mrs. Emma F. Parlin was born in Hagerstown, Md., on July 3, 1870. She came to Illinois when a young lady and was united in marriage to Charles L. Parlin of this city. Beside her husband she leaves five daughters, Celia, Nettie, Grace, Catheryn and Zelma, all at home; also five sisters and two brothers; Mesdames Alice Little, Rock Falls; Elmer Cragen, Fredericks, Wyo.; Kate Ramsey, Dixon; McClellan Woltz, Dana, Ia.; John Bromquist, Marathon, Ia., and Messrs. THE KITCHEN CABINET.

To Cook Eggs With Curry.—Mix one teaspoon curry powder, 2 tablespoons flour, one-half teaspoon salt, one-half teaspoon paprika, and add to one-half tablespoon minced onion, browned in two tablespoons butter, six hard boiled eggs which have been cut in quarters are put in after one cup milk has been slowly added. When all is hot serve on platter with border of hot rice.

Macaroni Beads.—Take macaroni and with sharp scissors cut in short lengths; give to the children to string as beads. It will prove highly entertaining and, unlike glass beads, these are harmless if they find the way into little mouths.

New Custard Pie Rule.—Perhaps some reader will like my custard pie recipe made from evaporated milk. One cup sugar, 2 eggs, pinch of salt, 1 cup evaporated milk, 1 cup cold water, 1 teaspoonful vanilla. Cream sugar and eggs together, and salt, then milk and water and beat hard; to this add vanilla. Put in a pan and heat on the stove for five minutes; then pour into crust and bake in rather hot oven until custard is thick.

Smooth Custard.—In making custards or cream filling, I mix the sugar and flour dry, then beat in the eggs thoroughly before adding the milk. My custards are as smooth as velvet and never curdle.

Whole Egg Salad Dressing.—One teaspoon of sugar, 1-2 teaspoon salt, 1 teaspoon ground mustard and a pinch of cayenne pepper, 4 even teaspoons of vinegar.

Mix dry ingredient, then add vinegar. Beat one whole egg with Dover egg beater, add above ingredients. Beat hard and add salad oil until thick. Have dish and oil cold before starting.

Strawberry and Rhubarb Jam.—Take half berries and half rhubarb with as much sugar as fruit. Scald rhubarb with boiling water and add sugar. Boil five minutes. Add berries and cook until it thickens when a little is tried on cold plate.

To Clean White Kid Gloves.—Place on hands, wash in gasoline and corn meal; rinse in clear gasoline. When dry the kid is soft and white.

Italian Macaroni.—Break up the macaroni and boil it about twenty minutes or until it is tender. Fry slices of pork in a spider, and cut into it an onion or two and fry. Add to the boiled macaroni a little stewed tomato and stir the whole together. This mixture evolves the toothsome macaroni a la Italiane. If preferred use butter instead of pork.

Cleaning Silver.—To clean silver use an aluminum kettle and to every quart of water add one tablespoon of salt and one of soda. Boil the silver pieces in this and tarnish will disappear and will look like new.

HOW WALLS ARE KEPT CLEAN THROUGH WARMTH.

The reason that lath and plaster walls become streaked is explained by John Aitken in Nature as due to the tendency of hot air to deposit its dust on cold surfaces; and the colder the surface the weaker the power of resistance. So where the laths protect the plaster from the cold outside the plaster receives less deposit of dust than where it is between the laths.

Wherever a hot steam or water pipe comes through a wall a vertical streak of dust may be seen above it due to the hot air driving the dust against the cold wall. Rooms that are heated by open grates are much less dusty than those heated by radiators, because in the former the furniture is heated principally by radiation, and being warmer than the air, it repels the particles of dust instead of catching them, while in the latter the air heats the furniture and in so doing deposits its dust on it.

Rooms lighted by electricity keep clean longer than those heated by gas, simply because the light is almost cold.

Mr. Aitken sums it up as follows: "Any surface hotter than the air keeps free from dust."

Strawberry Dumpling.

Put together one cup sugar, one tablespoon butter, two and one-half cups capped strawberries and two cups boiling water and let simmer a few minutes. While berries are cooking make a batter of one cup flour, two teaspoons baking powder, one-fourth teaspoon salt, one beaten egg and enough top milk to make a stiff batter, about one-half cup. Drop batter in eight portions in the boiling syrup, cover tightly and boil for twenty minutes without removing the lid. Serve hot with the sauce.

Browned Tomatoes.

Cut tomatoes in halves, lay them cut side up and cover with green peppers and onions chopped fine. Moisten bread or cracker crumbs with melted butter and put a layer over all. Place pan in oven and let them brown.

Fruit Cake Hint.

In making a fruit cake, pour half the batter in the pan before adding the fruit; then the fruit will not be found all at the bottom of the cake, as is too often the way.—Dallas News.

WISH UNCLE SAM TO BE READY

National Security League and Local Committee Both Wish Country to Be on Guard—Sweeping Policy for Active Campaign Is Mapped Out for Each.

Chicago, Nov. 29.—The National Security League—without specific criticism of President Wilson, Secretary of the Navy Daniels, or Secretary of War Garrison—demands immediate and adequate national defense.

Its plans of campaign, to be carried directly to congress in January, was formulated in resolutions adopted at the end of the first national conference at Hotel La Salle.

Make Public Plan.

The resolutions call for making public all plans of the general staffs for army and navy increases, a complete defense program, full development of the personnel of the navy, and the creation of a mobile army "sufficient to repel any expeditionary force," with an ample reserve army, and a system of training the unorganized men of military age.

By intimation, the announced plans of the president for national defense are set aside as unsatisfactory. The entire idea of the conference, carried through the committee reports and the debates that preceded the adoption of the resolutions, was that the administration suggestions are tremendously inadequate and unworthy of the United States.

Prominent Men Attend.

Some of the best known men of the nation participated in the conference during the day and at the banquet at night.

Some of the more conspicuous included former Governor Van Sant of Minnesota, Governor Philipp of Wisconsin, Victor Rosewater of Omaha, Bishop Burke of the Catholic diocese of western Missouri; Mayor Fuhrmann of Buffalo, N. Y.; former Secretary of War Jacob M. Dickenson, former Governor Richard Yates of Illinois, Governor Dunne, and many Chicago men.

Discussion threatened to interfere with harmonious action. It was obvious that a large majority of the delegates disapproved the Wilson program, but there was a general reluctance to express outright disapproval of the nation's head.

To Unite Chicago Sentiment.

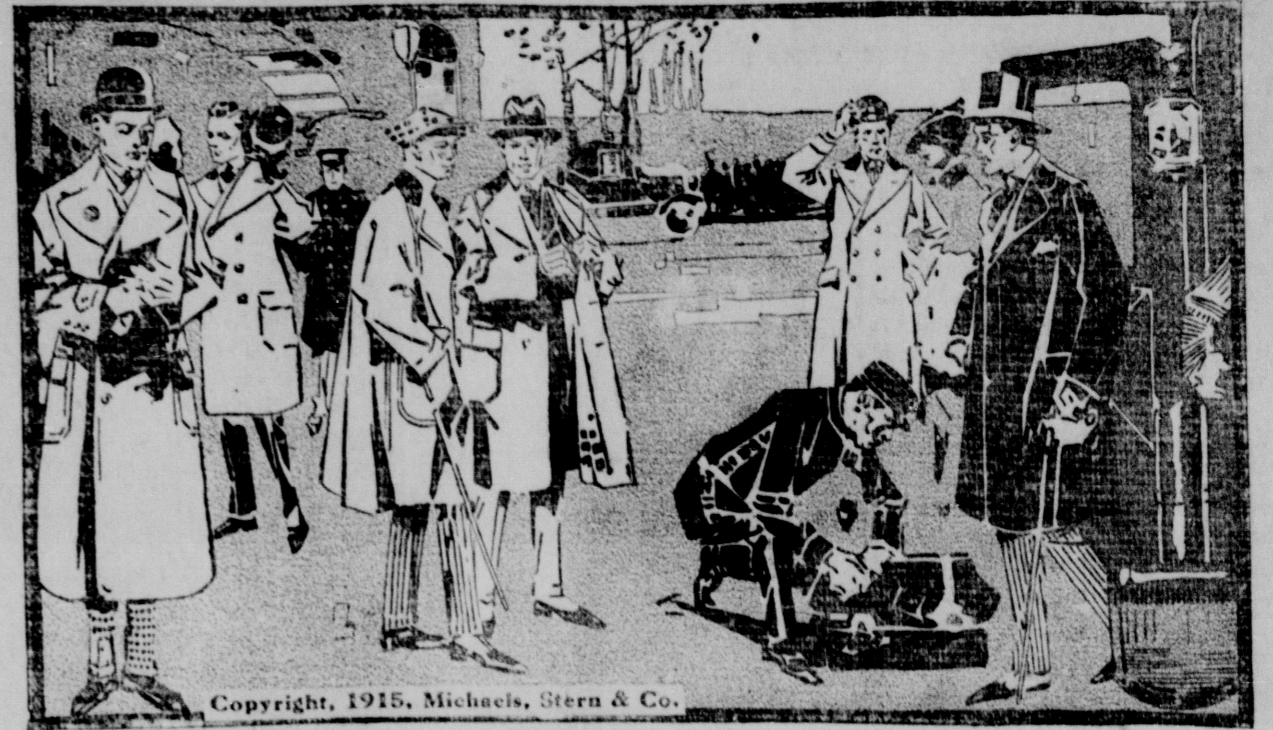

A campaign to crystallize public sentiment in Chicago for national military and naval preparedness was inaugurated by the organization of the Chicago committee on national defense.

Thirty members of the committee, which is composed of 100 of the city's leading business and professional men, met in the Hotel LaSalle and discussed the military and naval situation of the country and how the need for more adequate national defense can best be placed before Chicago citizens.

May Combine Reports.

Two resolutions were passed. One, was that a committee of seven be appointed to formulate plans for the cooperation of the committee with the National Security league and the Navy league and to confer with representatives of both organizations as to details concerning the program to be carried out.

The other resolution indorses the efforts of the National Security league toward arousing a patriotic public sentiment in support of preparedness.

Dramatic Notes

FAMILY THEATRE.

The pictureization of the tense and emotional drama, "The Moth and Flame," by Clyde Fitch, presents with all the realism of life the dominant elements of that great stage success. The poor little moth is blinded by the flame until she cannot see the perils threatening her. Just on the verge of her great error her vision returns and with the resultant extinguishment of

the flame the moth sees danger and is saved, terribly scorched in heart but with her soul rescued from the devouring fire. This photoplay, known to every man, woman and child, bound to be a strong drawing card. An entire change of vaudeville which promises to be extra good will surely be appreciated. If you miss this special attraction don't blame the management as he is doing all in his power to give shows that please, and any suggestion tending to the comfort and convenience of the family patrons will be gladly received. Matinee daily except Sunday at 2:30.

PRINCESS THEATRE.

Tonight the Princess will show an excellent Broadway star feature entitled "The Man Servant," featuring Jack Henderson, a star of much renown, who has been featured in such plays as The Pink Lady, The Beauty Shop, and several other noted plays. The story is one of love and intrigue

and each detail of the drama leads up to a thrilling climax. Patrons who see this picture will find Jack Henderson, who is featured in the picture, one of the best they have ever seen on the screen. The comedy for the evening is "Mixing It Up," a roaring comedy, which shows how true love never runs smoothly.

OPERA HOUSE.

The special feature photoplay at the Opera House tonight is Elaine Sterne's prize winning comedy of the Morning Telegraph chartered theatres' corporation scenario contest. A gripping story, bubbling with humor, in four splendid reels, produced by Fred Mace and an all star cast. The rest of the program consists of "Molly's Malady" a roaring Nester comedy in one act, and "An Innocent Villain" a side splitting L-Ko comedy in one act. Anyone wanting to enjoy a good, hearty laugh, don't miss this bill of excellent photoplays.

Get a 10-cent box.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels, or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your bowels clear, stomach sweet and your liver and bowels regular for months.

Fierce Teuton Attack Repulsed.

Paris, Nov. 29.—A violent German attack north of "the labyrinth" was repulsed by the French. The Germans exploded a monster mine and occupied the crater caused by the explosion, but could not reach the French line.

NEGRO IS BURNED TO DEATH

St. Louis Tenement Fire Costs Life of Sleeping Man.

St. Louis, Nov. 29.—One negro was burned to death, another was injured seriously and four others were rescued when a two-story frame cottage, owned by John H. Vette, a money lender, was destroyed by fire.

Six negroes lived on the second floor of the building the first floor being a vacant storeroom. The fire is believed to have started from an overheated stove in a room occupied by Thomas Galloway.

FOUND HANGING TO A TREE

Man Suspected of Grandmother's Murder Meets Violent Death.

Gibsonburg, O., Nov. 29.—The body of John H. Willey, recently tried for the murder of his grandmother, Mrs. Eva Kimble, last February and granted a new trial, was found hanging to a tree within a few rods of where the murder occurred.

Circumstances surrounding the finding of the body indicated that Willey met death at other hands than his own.

Springfield, Ill., Nov. 29.—Robert Powell, aged three years, son of Mr. and Mrs. Charles Powell of Roby, became wedged in a five-gallon lard can in the back yard of his home and died before found by his parents.

Child Dies in Diphtheria Epidemic.
Duquoin, Ill., Nov. 29.—Another death, that of a child, occurred here in the diphtheria epidemic. More than twenty-five cases are reported here now. The authorities believe they have the situation well in hand.

DID DR. HASELDEN DO RIGHT IN LETTING DEFORMED BABY DIE?

Dr. Ludwig Hektoen of Chicago, professor of pathology in Rush Medical college and the University of Chicago, is the foreman of the coroner's jury chosen to decide whether Dr. H. J. Haiselden acted properly in letting the deformed Boller baby die instead of saving its life by an operation. The other five members selected by Coroner Hoffman are: Dr. D. A. K. Steele, dean of the Physicians and Surgeons College of the University of Illinois; Dr. John F. Golden, associate of Dr. John B. Murphy of Mercy hospital; Dr. Arthur Rankin, professor of anatomy of Loyola university; Dr. Howard Chislett, dean of the Hahnemann college, and Dr. Henry F. Lewis of the Cook County hospital staff. The case of the Boller baby has attracted national attention. The mother of the six day old infant gave her consent to Dr. Haiselden's action. The autopsy on the child's body showed that the baby was paralyzed on the left side from head to foot. On the right side the outer ear was formed, but lacked the drum, and the child would have been deaf because there was no ear on the left side. On the right side there was no neck, the skin growing from the cheek to the shoulder blade. Curvature of the spine and hemorrhage of the spinal canal also were found. The latter, according to physicians, would have caused complete paralysis of the child's body and would have resulted in death had there been no other causes.

CAMPAIGN IN SERBIA ENDS

Germans State They Have Attained Their Object.

NOW IN TOUCH WITH TURKEY

Remnants of Serbian Army Reported as Fleeing into Mountains, Having Left 100,000 Soldiers as Prisoners to the Enemy and Having Sustained Great Loss of War Material.

London, Nov. 29.—The Austro-German-Bulgarian operations against Serbia, which were begun on Oct. 6, when Austro-German armies crossed the Drina, the Save and the Danube, have been completed, according to the official German statement issued at Berlin. The German object, the establishment of communications with Bulgaria and Turkey, has been attained.

The remnants of the Serbian army are reported to be fleeing into the mountains of Albania. Over 100,000 Serbian prisoners of war are claimed by the Germans, while the losses of the Serbians in dead and wounded are not estimated. Their losses in war material are described as "incalculable."

French and British forces continue to disembark at Saloniki and the French line in the southeastern corner of Serbia is still holding its positions. With the completion of their operations against Serbia, the Austro-German-Bulgarian forces, according to Rome dispatches, are now preparing to turn their attention to Roumania and to the Russian army, which is reported to be massing on the Danube for an invasion of Bulgaria through that country.

A dispatch from Rome telling of the preparations being made by the central powers against Roumania and the Russian Balkan army, says:

"Roumania has made an evasive reply to Russia's notification that her troops are concentrated in Bessarabia for the purpose of going to the aid of Serbia. The Roumanian answer implies that protests will be made against the crossing of Roumanian territory by these forces but that no active opposition to their transit will be made."

"As a result of the Roumanian position, Austro-German troops from Serbia are being rushed to Rostchuk, on the Bulgarian bank of the Danube, while Bulgarian forces are being concentrated along the lower Danube."

"Roumania opposed the concentration of the Austro-German forces on her frontier and has now declared the Danube and both its banks to be a zone of war, thus putting the river in the hands of the military authorities, and has unseated troops on her Bulgarian and Hungarian frontiers withdrawing the troops on the Russian frontier for the purpose."

ONE DOSE RELIEVES A COLD - NO QUININE

"Pape's Cold Compound" ends bad colds or grippe in a few hours.

Relief comes instantly. A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

AEROPLANES FIGHT BATTLE

Conflict Rages Over Belgian Territory and Above the Ocean.

Paris, Nov. 29.—Squadron of German and allied aeroplanes fought extensively over Belgium and a French airman who started in pursuit of an enemy squadron brought down a German machine which fell into the sea off the Westende-Bains. A German torpedo boat and German motor boats went to the rescue of the aviators and there followed a fight over the sea in which hydroaeroplanes of the allies and French artillery took part.

One of the German motor boats was sunk in this combat.

TURK SUBMARINE DROWNS 25

Then Turns About and Assists in Rescue of Passengers.

New York Nov. 29.—A Turkish submarine stopped the British passenger ship Barulos in the Mediterranean and after twenty-five persons had been drowned assisted in rescuing many of the 250 passengers who had gone aboard in a panic, according to Eleanor Franklin Egan, an eye-witness, who arrived on the steamship New York.

Although the ship flew the British flag, her crew was Greek, the passengers a majority third class being chiefly Greeks and orientals.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils. Let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed up and miserable.

ONE EXTRA SESSION ENOUGH

Governor Dunne Turns Down Pleas to Call a Second One.

Springfield, Ill., Nov. 29.—Governor Dunne has decided not to call a supplemental extraordinary session of the legislature, although petitioned by many to do so.

He has concluded that all emergency legislation needed by the state will be taken care of by the special session now running and that other subjects for which a supplemental session has been asked can wait until the Fiftieth general assembly meets next year.

Railway Can Reorganize.
Springfield, Ill., Nov. 29.—An order authorizing the reorganization of the Cincinnati, Indianapolis and Western railroad company and granting it authority to take over the line of the Cincinnati, Hamilton and Dayton road from Hamilton, O., to Springfield, Ill., was issued by the Illinois state public utilities commission.

U. S. RED CROSS IS LEADER

American Ambulances Held First Place During Year's Conflict.

Berne, Nov. 29.—Deep appreciation of the participation of the United States in Red Cross work in the European war is expressed in the latest bulletin in the International Red Cross, which says American organizations everywhere have held first place among the foreign ambulance.

During the first year of the war the United States sent to Europe seventy-one surgeons, 600 physicians and 253 nurses. This staff worked in France, Belgium, Russia, Germany, Austria and Serbia.

CHIVALRY COSTS HIM LIFE

Chicago Mail Collector Killed by Assault of Girl.

Chicago, Nov. 29.—Charles Petzel, a young employee of the United States postal service, gave up his life in an act of chivalry.

He was beaten to death while trying to protect a girl from insults and physical abuse. At the time of his death he was on duty and wearing his uniform as a mail collector. The tragedy occurred in front of a saloon at 1954 Elston avenue. George "Peanuts" Natzke, a young teamster, was arrested as the slayer.

FAMILY IS FOUND MURDERED

New Jersey Slayer Afterwards Ends His Own Life.

New Brunswick, N. J., Nov. 29.—Five persons were murdered in a lonely farmhouse three miles south of here by a sixth, who committed suicide. The name of the murderer is not known, nor is any motive apparent.

One of the victims, name also unknown, was shot in the back as he knelt in prayer beside his bed. The others were killed while asleep.

The victims include a prosperous dairy farmer, Samuel Weitzmann, and his wife, their daughter and son-in-law, and two farm hands. One of the latter was the slayer. He was found dead, with a revolver in his hand. He had been employed at the farm only a month.

COMB SAGE TEA
HAIR TO DARKEN

Grandma kept her locks dark, glossy, thick with a mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea at Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it. Keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the messy mixing at home. All drug stores sell the ready-made product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft, lustrous appearance of abundance which is so attractive. Besides, it prevents dandruff, itching scalp and falling hair.

Light—600 to 700.
Mixed—605 to 695.
Heavy—630 to 695.
Rough—630 to 645.
Cattle steady to 10c lower.
Sheep slow at last week's close.
Hogs close 5 to 10c higher than Saturday.

Estimated tomorrow—38,000.

SUMMING UP THE EVIDENCE

MANY DIXON PEOPLE HAVE BEEN CALLED AS WITNESSES.

Week after week has been published the testimony of Dixon people—kidney sufferers—backache victims—people who have endured many forms of kidney, bladder or urinary disorders. These witnesses have used Doan's Kidney Pills. All have given their enthusiastic approval. It's the same everywhere, 30,000 American men and women are publicly recommending Doan's—always in the home papers. Isn't it a wonderful convincing proof? If you are a sufferer your verdict must be "Try Doan's first."

Here's one more Dixon case. W. H. Gillespie, 711 Nachusa ave., Dixon, says: My back often gets so lame and sore that it is painful for me to stoop over. I have headaches and dizziness spells; whenever any of these attacks come on, I use Doan's Kidney Pills, and they promptly remove the pain in my back and relieve the headaches and dizzy spells.

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Edson had, Foster-Milburn Co., Props., Buffalo, N. Y.

BEST MINNESOTA BARGAIN.

About 625 acres of the best land in this state as smooth as a floor and cut on the north by good river (full of fish), and cut on the south by big ditch, just completed, and this ditch is about eight feet deep and shows the best of good yellow clay clear to the bottom. The top soil is the best black sandy loam to be found in Minnesota. The water is pure, and never-falling well on the place, which is occupied by tenant. This farm is as smooth as the best of the Red River Valley it should not be confused with same, as this is near the highest point of land in the state.

There is fair house and also other buildings with some fenced in pasture and also some field in crop, and all the land desired for crop can be broken with tractor and as this is new land one crop of flax will pay for it at the bargain price of \$25 per acre.

Five thousand dollars cash will handle the deal and it is near direct line to Duluth, which is the best market in the Northwest.

ADMINISTRATION

DENIES CHARGE

Did Not Overlook Offenses of Carranza's Soldiers.

CRUEL CRIMES NOT PROVEN

President Wilson, Private Secretary Tumulty and William J. Bryan deny the charges of Prosecution and Fiendishness Toward Clergy and Sisters of Roman Catholic Church.

Washington, Nov. 29.—Important documents designed to combat the charge that the Wilson administration overlooked the offense of General Carranza against the Catholic church in according his recognition and setting forth in a general way the administration's defense of its Mexican policy were made public at the White House.

Letters From Leading Men.

The documents consist of letters from President Wilson, Private Secretary Tumulty and ex-Secretary of State Bryan. The most striking feature of the correspondence is an official statement from the Very Rev. Antonio J. Paredes, Roman Catholic vicar general of the archdiocese of Mexico City, embodied in Mr. Tumulty's letter denying the charge of the Catholic clergy in this country that nuns were outraged by General Carranza's soldiers.

The vicar general's statement not only denies that nuns were violated but presents a list of crimes against Catholic clergy which shows that these were by no means as widespread nor as uniformly tolerated by Carranza officials as had been represented by ecclesiastics of the United States.

No Official Records of Such Crime.

Secretary Tumulty states in italicized type there "is no official record of a single proven instance of this dastardly crime in the files of the state department," although the consuls and special agents of the United States in Mexico "have diligently investigated reported cases."

With respect to the nuns who were driven from Zacatecas to Vera Cruz and later brought to this country on a ship chartered by the United States the unfortunate women who figured most largely in the reports of outrages broadcasted through the United States, Secretary Tumulty declares that not one of them ever told any of the American army officers who cared for them during their five months' stay at Vera Cruz that such attacks had been made.
